Request for FAMILY ILLNESS LEAVE
Family Member's Serious Health Condition

SECTION I: What is FAMILY ILLNESS LEAVE

Family Illness Leave is provided for an employee to care for the employee's child, parent or spouse where that child, spouse or parent has a serious health condition. It is not provided for the employee's illness.

The Family Illness Leave provides a *limited extension* of the benefits beyond the 12 weeks provided under the Family and Medical Leave Policy. Family Illness Leave does not run concurrently with Family Medical Leave. Eligibility for Family Illness Leave begins only after the Family Medical Leave benefit is fully exhausted.

An employee may not waive his/her Family and Medical Leave benefit by instead choosing to go on Family Illness Leave.

Amount of Leave

An eligible employee (full-time or part-time) is entitled to up to 52 weeks of leave without pay during a 5-year period to care for the employee's seriously ill child, spouse, or parent. Although this leave is without pay, an employee may elect to cover some or all of the period of leave taken under this policy by using vacation, bonus, sick or voluntary shared leave. Leave earned under the Compensatory Time Off policy may also be used.

What counts toward the 52 weeks leave?

All periods of leave, with or without pay, used for Family Illness Leave count towards the 52 work weeks to which the employee is entitled. This includes leave taken under the Voluntary Shared Leave Policy.

If taken intermittently or on a reduced work schedule, any portion of a week will equal one week of Family Illness Leave.

Employee Responsibility

- apply in writing to the supervisor for leave,
- provide certification or recertification required by the university,
- give written notice of intention to return to work at least thirty days prior to the end of the leave, and
- return to duty within or at the end of the time granted, or
- notify the university immediately when there is a decision not to return.
